UTAM Series
Universal Thermal Acquisition Monocular
UTAM-32iS shown below.

The UTAM Series defines what a multi-use thermal imager should be. It is small enough to fit in a cargo pocket and designed to be handheld. But it is also rugged enough to be attached to a light machine gun with any standard Picatinny rail system. The UTAM Series gives the operator enhanced surveillance and targeting capability during night and adverse weather conditions. User selectable reticles and digital windage and elevation adjustments are readily available through the onboard software and the monocular can be easily boresighted to any weapon. An optional remote control switch provides increased flexibility for the user, integrating the sight and the weapon.

The UTAM Series units are easy to operate with simple and intuitive controls, with standard features such as polarity, display brightness and digital zoom. The user menu provides a selection of display modes including color, monochrome or “alert” mode which highlights the warmest part of the scene in color, enabling the user to optimize the viewed image for the target and scene conditions.

The UTAM Series objective lens is offered in a variety of focal lengths providing a choice of fields of view and target detection ranges. The UTAM Series include image capture and review of still images on the internal micro-display. Video and still images may be downloaded and captured to a SD card using our optional Audio Visual Kit.

Export of the commodities described herein is strictly prohibited without a valid export license issued by the U.S. Department of State, Directorate of Defense Trade Controls as proscribed in the International Traffic in Arms Regulations (ITAR), Title 22 Code of Federal Regulation, Parts 120-130.

DISTRIBUTION: OSR 14-5-1230. Approved for public release; distribution unlimited. © 2017 Nivisys

UTAM SERIES BASIC SYSTEM:

- UTAM Basic Unit
- Soft Carry Case with Strap
- CR123 Batteries (4ea.)
- Lanyard
- Lens Cleaning Kit
- Operator Manual
- Quick Reference Guide

OPTIONAL

- Remote Switch
- Weapon Mount
- AVK (Audio Visual Kit)
- VPDM (Video Power Download Module)

COLOR MODES:

Alert  | Mono  | Color 1 | Color 2 | Color 3 | Color 4
